## The Canadian Red Cross Society

The Canadian Red Cross Society appeals to the people of Canada to give of their means at this time of grave national crisis. In the course of a few weeks 25,000 soldiers from this Dominion will have crossed the English channel to take their places beside our gallant allies in the trenches on the once fertile fields of Flanders. These soldiers will be called upon to undergo many hardships; they will have to face the elements and many no doubt will fall on the field of honor. It is only right that those who are living in comfort far away from where these terrible scenes are being enacted should give out of the largeness of their hearts as much of the suffering and discomfort as possible may be alleviated.

The people of Canada have given generously to the funds of the Red Cross Society but the society is still in need, not only of money, but of comforts and surgical appliances and these will be sorely needed while the present terrible arbitrament of nations continues. Not only is the society called upon to provide for the Canadian soldiers now on Salisbury Plain but the troops on duty in this country have to be looked after as well as our allies and soldiers at the front.

Wars and battles are not fought as they were in the days of Napoleon when great conflicts were decided in a few hours and the battle line only extended a few miles. Today armies are counted by the millions and battles wage for weeks and sometimes months while 100 miles is not considered a long battle front. Soldiers are called upon today to undergo the dreadful hardships and it would almost appear that humanity had been eliminated from modern warfare by the enemy.

While the governments of the different allied nations have done their utmost to provide for the comfort of the troops in the field it has been impossible to supply the extra demand made upon them and it has therefore fallen to the citizens of those countries to provide for the soldiers in the matter of comforts, surgical appliances, hospitals, nurses, doctors, etc. It has therefore devolved largely upon the Red Cross Society to do much in the way of providing the soldiers with everything that will mitigate suffering, alleviate distress and save human life. The society cannot leave to do this unless the people as a whole realize their responsibility and do as citizens of this great empire.

It is but four weeks the French, British, Serbian soldiers, to say nothing of the remnants of the gallant Belgian army, have been fighting under the most appalling conditions such as have never before been experienced in the wars of history. For days and nights they have been compelled to remain in trenches half full of water with the winds of heaven beating continually upon them. Yet they have not complained. Are they downhearted? No. They are bearing all this misery and suffering that the arms of Britain, France and Belgium may be crowned with victory and that the homes of England and France may remain inviolate. How can we show our gratitude to these brave men?

If every man, woman and child in Canada were to give one dollar to the Red Cross Society over seven million dollars could be spent in saving hundreds of lives and bringing comfort to millions of brave soldiers who are ready to lay down their lives for the freedom of their native land. The dollar would not be misused and to what more worthy object could such a sum be given? The lives of our own men are valuable to us, the victory of our arms is vital to our very status as a nation, therefore upon our shoulders devolves the responsibility of doing our share in making the existence of our brave soldiers as pleasant as circumstances will permit and in saving every life that it is humanly possible to save.

Mr. J. K. Osborne, whose name is familiar to Canadians, writing recently to the Canadian Red Cross Commissioner in London, says: "As Canadians, we are exceedingly anxious to do what we can for the benefit and comfort of our soldiers. Like many others, we are short of money but we have a beautiful motor car which we are sure can be made most useful. We want to give it for hospital work. We desire to present to the Red Cross Society our Limousine car. This is not a loan, it is a free gift. We have the start of you in the way of comforts for the boys on Salisbury Plain. My wife and two other ladies have already sent for distribution about 300 baby blankets about 175 pairs of mittens, besides mufflers, helmets, etc. They will all be wanted and many more."

Such a spirit is worthy of one of our leading citizens. There are many who cannot give motor cars but all can give of their substance for the greatest of all causes, the cause of humanity.

Subscriptions and comforts of all kinds will be warmly welcomed and should be addressed to the Canadian Red Cross Society, 77 King Street, East, Toronto.

## First Annual Ball Of Bellevue I.O.O.F.

The members of Bellevue Lodge No. 118, of the Independent Order of Oddfellows, have decided to hold their first annual ball in the Workers' Hall at Bellevue on the night of Friday, January the 29th. All members are requested to send at once the name of any friend they wish to have invited to Herbert Barless, secretary of the social committee. All outside brothers are cordially invited. Pincher Creek orchestra will be in attendance and it is hoped to make the event enjoyable for all.

## I. O. G. T. Announcement

Through the kindness of the Editor of the "Enterprise," we have been granted space from time to time for the purpose of advocating the cause of temperance. It is not our intention to delve back into history and use up both time and space in an endeavor to demonstrate that the use of strong drink is hereditary or otherwise. We believe that the evidence of the cause of the traffic is before us every day, and the horrors of the misery and poverty caused by the use of liquor is apparent to all.

Our aim will be to deal with the question by reference to every day life as we have it in The Pass, and we are confident that we can convince every reasonable man and woman that the only remedy for the evil is prohibition. Our objects are to fight the liquor traffic and to stamp it out for all time to come. We stand for a dry town, a dry province, and world-wide prohibition. We are against the traffic which blights the home, ravages childhood, motherhood and manhood. We believe that the good people of Alberta will again demonstrate to the people of Canada that the sunny province leads all others in the matter of reform, and that on the 21st day of July, 1915, the good news will be flashed over the wire "Alberta Dry." Join the I. O. G. T. and help along the good work. Do it today.

VICTORY LUNGE I. O. G. T.

## The Passing Throng

The "Sanitarians" has, better known as "Patman's Squadron," passed Knott Avenue Light, Blairmore, at 9:15 this morning, bound towards Vancouver. The squadron includes three obsolete Nova Scotians and a manufacturer of staid orders.

Canada.

NOTE: All consignments should bear address and address of the sender and a list of the goods.

While the people of Canada are subscribing generously to the Red Cross Society our sympathetic neighbors in the United States are not forgetting our gallant soldiers. We believe that the British side by side on the European battle field. Among the contributions received recently at the headquarters of the society was a large consignment of socks, comforters, wristlets, helmets, etc., all of which were contributed by the nurses of John Hopkins hospital, Baltimore, Md. Another large consignment was also received from Riverside, California.

From the far distant Yukon the generous people of that territory have not forgotten the needs of the society for a cash contribution of \$132.50 was recently received at the headquarters of the society from the town of White Horse. This sum was half the proceeds of an entertainment given in that place, the other half of the amount raised being given to the Belgian Relief Fund.

The well known lines of Rudyard Kipling may well be altered today to read, "For east is east and west is west, NEVER the train shall meet." From the far flung western prairies, from the distant hamlets of the Yukon, from the quaint villages that nestle in the valleys by the St. Lawrence river, from east and west the hearts of the people are going out to our brave Canadian soldiers and our gallant allies who are ready to give their lives for the undying glory of the empire. By the money they send and the comforts they make the burden of many a man will be lightened and his lot made happy.

The Canadian Red Cross appeals for money, for comforters, socks, mufflers, caps, helmets, ambulance appliances, etc., etc., all of which may be sent to the Canadian Red Cross Society, 77 King Street, East, Toronto, Canada.

Richard Gain, an engineer on the C.P.R., was most seriously injured last week when he was knocked down by a runaway train belonging to R. L. Hackett. The accident occurred near the Empire Hotel. In addition to sustaining a broken leg the unfortunate man received a bad blow on the head which rendered him unconscious. He was at once rushed to the Macleod hospital where treatment was quickly given him.—Macleod Spectator

His STOMACH TROUBLES OVER Mr. Dwyer, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion and liver complaint until I used Chamberlain's Tablets, then my trouble was over." For sale by all dealers.

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy," writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by all dealers.

### The Mudlark's Song

(During the few weeks training of the Canadian troops at Salisbury Plains, the continued heavy rainfall caused an unusual amount of mud to settle in the vicinity.)

We have left the land of sunshine,  
We have left the land of snow,  
Yea, we came to fight for England  
And lay the Kaiser low;  
Yet we miss the fine tree saying  
And the maple trees in kind,  
But still we have one comfort,  
"Is the dear old 'Salisbury Mud.'"

We hear the robins singing,  
(As they do in Nursery rhyme)  
And the skies are dull and heavy  
And it's raining most the time;  
But we're going to Tipperary,  
And of course 'tis via Berlin,  
But what will Kaiser Billy say,  
To the muddy state we're in?

It sticks to us like chewing gum  
(On the seat of a transport car)  
It has the 'tra'! trail' heel follow  
With the thunder storms afar.  
In Canada we often kicked  
About the sticky lard,  
But Lord protect your little feet  
If to Salisbury you roam!

We find it on the table,  
As well as on the floor,  
And a trooper found some in his soup.  
As sure as you were born,  
We're in it at 'Reveille'.  
We made it to 'Lights Out',  
You'd laugh to see the awkward squad  
Just try to 'Turn About'.

It's nice to keep a smiling  
And prepare for things to come,  
But, by gosh we need some patience  
When across the Plains we run;  
For the mud gets in our ear-holes,  
And we're covered thick and fast;  
But I tell you it's a pleasure  
When the boys are marching past!  
But I guess we must not grumble  
When we fall an awful third,  
For 'The splendid smiling for the boys

When sliding through the mud.  
But when we meet the Germans  
They'll be the boys to slide,  
And the quicker they do it  
They'll save their damned old hide!

Though in Salisbury mud we're covered,  
Our hearts are brave within,  
They'll be the boys to slide,  
And a heading for the dear old Flag—  
We're out to die or win,  
So it's 'Canada Forever'!  
As the mud we're wading through,  
And we'll show you in the trenches  
What Canadians can do!

—George Gilmore

### Patriotism and Production

"Patriotism and Production: The Duty and the Opportunity of the Canadian Farmer." This is the heading under which the Dominion Department of Agriculture announces that it will hold a series of agricultural conferences throughout the various provinces of Canada.

Ever since the war commenced it has been evident that the matter of food supplies was bound to come more and more into prominence as a question of great importance to the empire, and that the hour of supreme opportunity and obligation was at hand for the Canadian farmer. We believe that the year 1915 should be characterized by a wealth of production greater than ever before, but just in what directions and how far in each direction is worthy of discussion. The specialists who have been studying conditions at large will have valuable information to place before farmers. Dates and places of conference will be announced later.

### Replies to Passburg "Grouch"

Passburg, January 18, 1915.  
To The Editor,  
DEAR SIR:—I read an item in your paper of January 15th, headed "Passburg Happenings." The writer of that piece was either ashamed of himself or his name, as his name did not appear at the foot of the article. We suspect who he is. He writes of our Blairmore friends calling us "A Peculiar People." I and others in Passburg have friends in Blairmore, and I have never heard of Passburg folk being called "peculiar" before. It must be that writer's friends in Blairmore judging the rest of us by him. They should meet the other people in Passburg, and then, would find us not so strange. We are like most other communities—affiliated with one or two chronic kickers, who do nothing to benefit the community themselves and try to prevent others from doing so. The writer of that article willfully misrepresented the facts. The meeting was held in a well lighted public room, with some other besides trustees present. It was held there for the trustees' convenience. The business was concluded when that ratepayer entered. There was no contention, as everybody knows a man entering a barber shop, etc., is nothing uncommon. That ratepayer did not ask for any information as to the business, and it could not be expected of any trustees that they would go over the business concluded without a request. The trustees have always answered the questions put to them, but the growlers do not always answer the questions asked in return. To some extent we reap what we sow, and the kickers and growlers will get their back a thousand fold some day. That's the time the Passburg grouch will be looking for a "kick-out" to hide himself in, and may it be soon, for the benefit of the rest of us who like to live honorably and without eternal strife.

Yours truly,  
LAF.

The Pioneer Restaurant, in the McCutcheon block, has once again, opened this time to a new and better management. E. R. MacKenzie has leased the building from Mr. McCutcheon and has been busily engaged for the last two or three weeks cleaning up. The downstairs comprise the cafe and kitchen and has been nicely cleaned and decorated. The rooms upstairs have all been cleaned and fixed up, and "Mac" is now ready to do business in one of the most up-to-date restaurants in camp Mac has the old cook back with him. The Miss Pearsons, of Hillcrest, are looking after the comforts of the guests.

This is what the Calgary News Telegram of January 16 has to say of "The Master Key," which is to be shown at the Lyric room: "The Master Key," without a doubt, is the most popular serial story ever shown in Calgary." And this statement is not made with the free advertising idea. The management of the Lyric are fortunate in securing a picture with such a reputation. The patrons of the Lyric will do well to start with the picture and follow it through. Watch for the date.

Quite a pleasant surprise greeted the patrons of our pioneer picture palace this week. Mr. Johnston having completed the decorating which has been under way for the past ten days under the able brush of our local painter and decorator D. Walker (Shorty). A very pleasant and restful color scheme has been chosen and we must compliment both Mr. Johnston and "Shorty" on the splendid effect achieved. The predominating colors are shades of green and red, relieved by warm browns. The ceiling is in a very light shade of green, while the walls show panels of darker green, surrounded by stiles of warm red and lined off with brown, a fitting finish being secured by the stencil work on the panels and above the plate rail. We understand that the latest system of indirect lighting will be installed in the near future. This

### Bellevue Happenings

Mrs. A. Bursay was a visitor to Blairmore this week.

Mrs. (Rev.) F. T. Cook has returned from a visit to Edmonton.

Miss A. Niven, of Frank, was a visitor in camp this week.

Mr. Hearn, of Medicine Hat, was in camp this week, accompanied by J. M. Carter.

Doors open at 7 p. m. and show starts sharp at 7.30 at the Lyric Theatre.

Mrs. Harry White, of Hillcrest, is visiting her mother for a few days.

The Pincher Creek hockey stars are expected here next week to give the local team a game. Come and root for the local boys.

The entertainment and social given at the church on Tuesday was well attended. Everyone had an enjoyable time.

The Blairmore boys came down on Friday night and defeated the Bellevue intermediates. The game was a fast one from the start. The game was in charge of Billie Turner, of Blairmore, and his decisions were popular. The game furnished a couple of "scrapes," and one of the Blairmore lads challenged any 120-pound man in Bellevue, so we are looking forward to a good boxing exhibition in addition to the present hockey attractions.

The carnival on Monday night was fairly well attended, most of the people coming from Passburg and most of the prizes going that way. Walter Scott, of Bellevue, won the one-mile race for men; John Crawford the half-mile race for boys. Gus Fudd won the sack race, Miss Florrie Hallworth won the girls' race. The prizes for best-dressed ladies and gents went to Passburg. The committee deserves great credit for the prizes put up for the different events.

## Had Nervous Headaches

With Frequent Sick Headaches and Much Pain After Eating—Dr. Chase's Nerve Food Cured.

This letter is from a lady who gained 14 pounds by using the great food cure. It did wonders for her in improving her general health. She is enthusiastic in its praise and refers to her neighbors as witnesses of the splendid results obtained.

Mrs. Bussie Gibson, Springfield, Mass., writes: "I am writing this letter to you in praise of Dr. Chase's Nerve Food. I was troubled with dyspepsia, and could not eat without suffering much pain. I also had sick headaches frequently, and my nerves were in bad condition. About ten years ago I took a thorough treatment of Dr. Chase's Nerve Food, using altogether 21 boxes, and since then I can eat anything, have been freed from headaches, and my health has been greatly improved in every way. I cannot find any other words to describe the benefit I have derived from this letter, and my neighbors can tell of my condition before using this treatment."

### A Trifling Mistake

Mrs. Lane is a zealous and loyal wife and mother, and is always ready to do her duty. She has a strong tendency to perfection. "It is perfectly wonderful," she said to a patient friend, "to see that Mr. Lane counts bills at the bank. I think they are so lucky to have him! He'll take a good pile of five and ten and twenty dollar bills and make his fingers fly just like lightning, and never make a mistake."

"Never!" asked the friend, who knew Mrs. Lane's weakness, and could not forbear the question.

"Well—no—at least," stammered Mrs. Lane. "Why, perhaps, he might get five or ten cent out of the way but not any more, ever."

Canadian Chinamen Ready to Help.

The other day a British recruit in Montreal with his wife and family received the call to join the colors immediately.

He decided to take his wife and children to England to stay during his absence. He found the most convenient arrangement was to leave Montreal the following day. But it was mid week, and the family was at the Chinaman's.

"The boys" shook their heads—the wail would not be sorted out before Saturday. But just then the house laundryman came.

"Your husband going to the war? Velly brave man. We work all night to get your laundry."

Next morning the boys brought home the "boss" himself.

"How much?"

"Nothing. Your husband go to the war. If you stay here all winter we wash all the clothes for the family. Not a cent."

Young French Girl Who Risked Life to Help British Wounded

A pretty story of a sixteen year old French girl's bravery is told by Corporal H. Reilly of the Royal British Regiment. It was after one of the fiercest fights along the Aisne, when the British wounded were lying out in the open after the next day. Most of the poor fellows were nearly dead with thirst. He saw a French girl, a young one, just sensible enough to keep murmuring for water. Then we heard a gentle sobbing, the girl was crying, and looking up, we saw a charming girl of about sixteen pleading her way through the piles of dead and wounded. She had brought us goats' milk which she had carried off from a farm near by, just out of the line of fire, and she had risked her life in coming there to give us something to drink because she was grateful to the British troops for helping to save the German invaders back. She seemed to be without fear, and slipped her hand into the pocket of one of the British soldiers, and she pulled out a piece of bread and a piece of butter. We were all stricken with grief when she had been shot on the way back. It was a manly word, but after the operation of the doctors being to the British troops for helping to save the German invaders back. She seemed to be without fear, and slipped her hand into the pocket of one of the British soldiers, and she pulled out a piece of bread and a piece of butter. We were all stricken with grief when she had been shot on the way back. ## OF LOCAL AND GENERAL INTEREST

H. E. Lyon and C. Hicocks, mortared to Pincher Creek on Tuesday.

The Blairmore intermediate hockey team defeated the Frank intermediates on Wednesday afternoon by a score of 9 to 4.

The store of T. Lebel & Co., at Pincher Creek, was gutted by fire at an early hour on Tuesday and damage to the extent of over \$100,000 was done.

George Bradley unloaded a car of cattle at Sentinel on Wednesday, which is the first move made towards utilizing the vast grazing areas in that vicinity.

A recent Liberal convention held at Macleod, a resolution of condolence was passed and forwarded to the relatives of the late J. C. Drewry, at Cowley.

Mr. Humphreys, coal buyer for the C.P.R., was in town the early part of the week arranging to place a substantial order with the West Canadian Collieries Co. for "Green Hill" coal.

D. Wilson has just completed the installation of an electric starting outfit on D. A. Sinclair's auto. The battery is the first to be installed in a Ford car in this vicinity and promises every satisfaction.

The Cranbrook board of trade have arranged to hold a public meeting in Cranbrook this Friday night, to be addressed by Harry C. Moore, of Blairmore, on the proposed establishment of a wood distilling plant in that district.

The Pincher Creek town council made use of the axe and shod axes as follows: the fire chief from \$25 to \$20 per month; the town solicitor from \$200 to \$150 per annum; the cemetery caretaker from \$100 to \$50, and other officials accordingly.

Ex-Mayor Harry J. Matheson, of Sentinel, was down today. He reports that at a recent meeting of the ratepayers of Sentinel, Tom Bumblebee (appleby) was elected mayor with a majority of 11,612—one for every "iron cross" presented to Germans for successfully putting to death innocent Belgian babies.

T. F. Fitzgerald, who has been assistant collector of customs at Blairmore since October 15th, has been transferred to Edmonton, and left for that point this week accompanied by Mrs. Fitzgerald. A. C. Beach, who up to the present has been preventive officer at Frank, is now stationed at Blairmore.

What is believed to be the first letter actually coming here from the fighting trenches was received last week by Const. R. C. Stuchbery from his brother Norman, who has been in the fighting line side by side with another brother Leslie. The letter is dated December 28th, 1914, and was passed by Censor No. 622, at the army post office on December 30th. The boys state that they had a "Happy Christmas" in the trenches.

## LIQUOR LICENSE ORDINANCE

### APPLICATION RE HOTEL LIQUOR LICENSE

FRITZ SCHUB, owner of the Alberta Hotel, described an abode on Lots 48, 49, 50 and 51, Block 2, Blairmore, Alberta, has made application for authority, under the provisions of Section 115 (2) of the Liquor License Ordinance, to carry on the business of a retail liquor dealer in the said Alberta Hotel, Blairmore, on account of the former licensee and tenant, John A. Osborne, having deserted the said premises.

This application will be considered by the Board of License Commissioners at a meeting to be held in the License Branch Office, Suite 200 Commercial Travellers' Building, First Street East, Calgary, on Thursday, February 12th, 1915, at 10 o'clock A.M.

DATED AT EDMONTON this nineteenth day of January, 1915.

JOHN D. HUNT, Deputy Attorney General.

Mike says "Jehovah used to drink!"

Mrs. W. H. Hanna, of Cowley, was in town on Wednesday.

During the coming year, Canada, as the "granary of the empire," should make such large increases in production as to fulfill her duty and deserve the appellation.

J. W. Gresham, who left here last week end for Medicine Hat, has been accepted for service as quartermaster to go to the front with the third Canadian contingent.

Rev. W. H. Muncester went to Warden, B.C., on Saturday, where on Sunday he officiated at the Presbyterian church. On account of Mr. Muncester's absence there was no service at the local Presbyterian church on Sunday.

## Cowley Happenings

Rev. Mr. Chalmers has had an attack of asthma.

Thos. Ward, of Beaver Mines, was in town this week.

A. Biggar and M. Robinson have due to the lush to seek their fortune.

Miss Biggar is looking after Mrs. McVoy's interests while the latter is in Edmonton.

James Bennett, Cassile Hodgson, Frank White and J. Carney went to Edmonton this week.

C. Crawford has secured a position with the Calgary Saddlery Co. and expects to bid farewell to Cowley in a few days.

A big delegation left Cowley on Monday morning for Edmonton, to attend the farmers' convention. The Ladies Institute also sent representatives, including Mesdames McVoy, Betts and White.

Baby Easterbrook met with a bad accident a few days ago. While playing around, he got her hand caught in the cog of a clothes wringer, the end of one finger being taken off back of the nail.

A Liberal meeting was held last week in Cowley, and J. Swinney was sent as a delegate to the convention at Macleod. We understand that those who have a vote in the next Dominion election will sustain Dr. Warnock.

It's a wonderful thing to have a "great memory," such as the Hillcrest correspondent has, and also to have "heavy" added. What an extraordinary person he must be—almost vain enough to be a woman. Beauty is something Cowley's correspondent will neither prize, nor be hung for. 'Tis a pity we couldn't get some such material in this burg.

Have you read about the Canadian boys at the front? The Princess Pats bravely drove back the enemy with a loss of only two and fourteen wounded. Our boys, if given a chance, will show of what cloth they are made, as they did in South Africa. In talking to an old veteran he said: "When we get there they will think a Rocky Mountain cyclone has struck them."

The marriage of Miss Marguerite Latta, of Cowley, Alta., and Rev. William Colvin, of Calgary, took place in Calgary on Friday last at the Crescent Heights Baptist church. The Rev. H. L. Kempton performed the ceremony. Rev. and Mrs. Colvin will reside in Calgary.

Rev. T. M. Murray, of Coleman, came down on Thursday night and gave a very interesting lecture in the Presbyterian church. The lecture was illustrated by lantern slides. Dr. Donald also delivered a short, but interesting address. The proceeds went to help defray expenses in connection with the young men's club which was recently started in Cowley. Another concert for the same purpose may be looked for in the near future.

W. A. Beebe was slightly indisposed the early part of the week.

Nat Marshall was in town this week inspecting the boilers at the new Green Hill mine plants.

Miss Hughes, of Pincher Creek, is visiting J. S. McEachern at the Cosmopolitan for a few days.

Miss Ross, daughter of Rev. David Ross, of the First Baptist church, Lethbridge, is the guest of Mrs. F. M. Pinkney.

A picture of the war was portrayed last week near Stuart street, when Councillor Lyne was beset of several chickens. It is said that an armed force demanded an apology from the Blairmore Signal Corps for alleged breach of neutrality in appropriating and devouring several chickens—without sharing with their neighbors. The signal corps, of course, were in a position to ignore the charge and consequently put up a strong defence. Reinforcements arrived in due time and the great log battery now occupied by the corps was strengthened with modern repeter pea shooters. A terrific duel ensued for hours during the night, and when the smoke cleared away in the morning the ground was literally awash in bloody gore, while the bodies of once faithful and industrious chickens covered the plains in six places. As a result of the conflict we understand that several members of the corps have been presented with iron crosses, while others have been granted well-deserved promotions for heroism and clever trickery.

## New Lodge Instituted

On Monday evening a local branch of the inter-planets Order of Hoodlums was organized at the Cosmopolitan. The meeting was presided over by Sid Blue, who in words, flattery or otherwise, which we dare not print, stated the objects of the new organization and the benefits, or otherwise, to be derived therefrom. The constitution of the order requires of each member strict sobriety, except where strong drink and immorality present themselves openly, but on no condition must a member be obliged to pay for the little luxuries that go to make life happy or otherwise. The Germans are known to recognize two divine beings—the Kaiser and Gott—the "hoodlums" are taught to recognize all idle habits as the little god and our divine creator as God. Much interest was taken in the election of officers, most of those present aspiring to office and displaying a deep sense of jealousy towards their more popular and more fortunate brothers. However, after considerable consultation, Jim Slim Stuchbery was elected to the throne, and Devout Lewis was enshrined to accept the seat of vice-president. Both on entering their chairs announced their pleasure at attaining the office and their willingness to promote the welfare, or otherwise, of the lodge and its members. After Mr. Lewis took his seat the President called up the lodge to sing "Blest be the tie that binds a crippled brother's foot!" The other officers were chosen as follows: Chaplain Michel Ross; Herald, J. W. Virgin; Conductor, Enfield Repeater Voecker; Patten, Exclusive Mixture Brown; Undertaker, Jabber Burrows; Master of Ceremonies, Absalom Sparks; Refreshment, Erasmus Bartlett; Nurse, McEachern; Secretary-Treasurer, Pete Phislor. After the officers had been installed by District Deputy Carl Johnson, the chaplain led in prayer and pronounced the benediction. The new lodge will meet every other night after eleven o'clock, except when matters excite demand the attention of the members elsewhere. Applications for membership must be made to the secretary Pete Phislor, who will also look after the investment of the funds.

## Frank Happenings

Friday evening last was one of exceptional interest for hockey enthusiasts as well as all those interested in the great rink-gymnasium institution at Frank. Two games were on the bulletin to be played, one between Thompson's "scrappers" and the "recruits," the other between the star players from the Cosmopolitan and Sanatorium hotels. In order to prevent an overcrowding of the spectators' stands an admission fee was charged, but despite this fact every available position was occupied by rowdies from Frank and neighboring towns. These games were at first scheduled for Tuesday night, but owing to the great demand the rink could not be secured and was not available till Friday. "March" "recruits" and Thompson's "scrappers" entered the rink sharp at 7:30. Up to this time the former had lived up to the reputation of being losers, but fully intended to reverse matters on this occasion and give their opponents a real run for the honor. Thompson's substituted two of their regulars, Meers, Thompson and Kijth having for some reason or other failed to prove satisfactorily that they were not professionals. The "recruits" had their reliable (?) originals on, and the game, with the exception of a little kick in the pants by visitors who were either disinterested or ignorant of the real principles of hockey, was one of the best ever played in this district. Parker and Marsh, who are conceded to be the only modern stars, pulled off numerous clever stunts; while Jepson, who is also "coming up," had considerable work cut out for him in keeping track of Patton of the "scrappers." Tristram as usual did good work assisting Wallace to defend the home goal. The "recruits" goal-keeper was in good form, and is apparently improving fast. Of the "scrappers" it is scarcely fair to make any particular mention, for all are certainly good sports and are fast coming to the front. The game ended in favor of the "recruits" with a score of 4 to 2. The game was refereed by McIntyre of Blairmore, while W. Goddard acted as judge of play.

The second game pulled off was most interesting, it being evident from the start that both teams were out to win at any cost—even for a nutritious supper. By this time observation bridges had been erected for press representatives, the most prominent of whom were George Jones, of the London Daily Mail; David Chickelhurst, of the Calgary Eye Opener, and Thos. Speed, of the Manitoba Gazette. Each was supplied with charcoal footwarmers, for the exciting blasts from the game were such as would chill the warmest heart. The "Cos" boys set to work early and were successful in beating the Big Prohibitionist in short time. This lively thing up for the "Sane," Lewis, of the "Cos" team also succeeded in breaking through the "Sane" defence but still had to meet Putnam, who in order to save his scalp caught Lewis and in cuddling him forgot the puck which had sped enough to reach and enter the net. In the encounter Lewis suffered a terrible upset, standing erect on his head and whirling almost perpetually. On regarding his feet the audience smiled at a great dome arising on Lewis' temple. In the second period the Cosmopolitans made several changes, Lyons going point, Burrows goal and Lewis centre, which seemed to be an unfortunate move that would end disastrously for them. Before this period finished MacAuley, of the Sane, made a run on the left, but was brought down by a small jolt from Lyon and was some time in recovering his faculties again. The game stood 2-2 at the end of this period. The third period was a struggle for the winning point. Lewis again raided Putnam, but was checked by the latter, stopping both man and puck and putting the man upside down again. In

order to decide the game an extra ten minutes was played in which the "Sane" added two more goals, making the score 4 to 2. McIntyre acted as referee, and Livingston as judge of play.

Tom Sandersen, who left here some months ago to join the R.N.W.M.P., arrived back on Friday last from Prince Albert.

Mr. Robertson and son pulled out for Lethbridge this week.

George Durenbecker, cigar manufacturer, of Fernie, was in town Wednesday and registered at the Sanatorium.

Misses E. Kidd and M. Patterson, of the Sanatorium, spent a few days in Calgary and returned on Friday morning.

Meers, T. Longworth and F. Smart went to Medicine Hat on Wednesday to undergo final examination for service at the front.

Capt. J. J. Tompkins returned to town the early part of the week from Medicine Hat, where he has been to offer his services for his country.

Fred Horvay, the man who makes ice, had considerable difficulty on Wednesday afternoon taking out the big dips made in the ice by the ladies in practicing hockey.

Parker came in from South Fork this week and resided at the Sanatorium. "Belle" played for Bellevue in the league game on Wednesday.

Marsh's recruits will meet Gilbert Conson's Interplanets in their return game on the Frank rink on Friday evening next, January 29th, at 7 p.m. Don't forget, this will be a crackerjack of a game.

Frank's intermediate hockey team met Blairmore intermediates on the local rink on Wednesday afternoon, Blairmore winning by 9 to 4. The game was refereed by Walter Scott, of Bellevue, McIntyre acting as judge of play.

Rev. Mr. Hart, of Hilbert, who is goal keeper for the junior hockey team there, was in town this week taking a jaunt from Marshville, where he is contemplating a trip to the Old Country his wife and thinks he will make it pay.

Now that Frank and Coleman have tied in the first series, arrangements will be made immediately for these two teams to play off to decide which team shall represent this district in the Alberta Hockey Association. We hope to see Frank victorious when the different districts play off.

The atmosphere is quite clear now, the smoke from the recent Cosmopolitan-Sanatorium hockey game having cleared away.

Mrs. Thomas, while skating the early part of the week, had the misfortune to fall on her wrist and break it. We hope for her speedy recovery.

The carnival held on the Frank rink on Thursday evening proved a decided success, Blairmore and Frank being well represented. The prizes were awarded as follows:

First Prize, for best-dressed lady—Miss Bella Steer, representing an angel.

First Prize, for best-dressed gentleman—Dennis Delaney, representing Admiral Jellicoe.

Best-Dressed Girl—Miss Millicent Goodwin, representing a Finnish dancer.

Best Dressed Boy—Troyd Parance, representing a clown.

Best Comic—"Ing" Wilson, of Blairmore, representing a clown.

Best Pair of Skaters—Miss Calder and Fred Livingston.

The band was in attendance and rendered very appropriate music.

Frank and Bellevue met on Wednesday evening in their last game of the first series. This game should have been played on the Bellevue rink; but owing to the heavy fall of snow the game had to be transferred to Frank, where wind and snow troubles are so more, a-hem! Bellevue had Rynas and Powers as new men on their team, while Frank played their full regular team. The first period was fast and some good hockey was witnessed. At the end of this period the game stood 2-2. In the second and third periods Bellevue seemed to drop off considerably, Thomas giving Scott no opportunity whatever. Powers, of Bellevue, worked himself through on several occasions and seemed as though he would score each time, but he failed to take full advantage of his well-worked runs. Frank put in three goals in each of the second and third periods, winning out by 8 to 2. Williams, of Coleman, had charge of the game. This puts Coleman and Frank on equal terms for the first series.
